

# APRU Multi-Hazards Webinar Series: A new approach for disaster risk management after COVID 19

APRU MH program, University of Indonesia, and the CBRNe-Natech Asian Disaster Risk Initiative (CnADRI)

## **SESSION I: Understanding and addressing different types of hazard risks**

**September 30 (Wed) (2 hours):** 8 am (Central Europe) / 1 pm (Jakarta) / 2 pm (Hong Kong) / 3 pm (Tokyo & Seoul) / 4 pm (Sydney)

This session invites speakers specializing in chemical, nuclear, and CBRNe hazards beyond natural hazards to learn about each disaster risk and how we could prepare for and enhance the current disaster risk reduction capacity taking into consideration an all-hazards approach.
