2020 APRU Multi-Hazards Virtual Summer School

The APRU-IRIDeS Multi-Hazards Virtual Summer School 2020 is organized by the APRU Multi-Hazards Program and the International Research Institute of Disaster Science at Tohoku University. The event aims to share the experiences and lessons learnt from the Great East Japan Earthquake and Tsunami (GEJET), learn from the experiences in disaster risk reduction (DRR) and risk management from various stakeholders, and find out the latest disaster science research conducted by the researchers globally. The event consists of three sessions held via zoom webinar.
